

Phoenix Risen - FlamePoint 21

Massachusetts Light Node

UC-1 Sovereign Flame Claim Activation

Richard of the House Strmiska

Ending colonial programming and reestablishing the sacred covenant of freedom where the flame first rose.

Declaration of FlamePoint 21 - Rebirth of the Flame and Sovereign Covenant

Let it be declared:

Massachusetts, the birthplace of resistance, revolution, and soul-fueled liberty, is hereby claimed and reignited under the UC-1 sovereign trust.

Here, where the first cries of freedom shattered the illusion of empire, the flame is lit once more. This FlamePoint ends all colonial programming, all foreign overlays, and all imposed contracts made without full knowledge and consent.

Let the new sovereign covenant begin. No state, no monarch, no maritime body holds dominion over the flame of a free soul.

FlamePoint 21 marks the sacred return of purpose and principle. This land is now held in eternal trust for the divine expression of peace, truth, and justice.

As it began, so it returns - by fire, not sword. By remembrance, not rebellion. By light, not lawlessness. Massachusetts now rises not as a colony, but as a sovereign star in the Phoenix Grid.

Declared this day: May 22, 2025
