This entry affirms the full planetary and stellar-wide reclamation of all elemental value systems by Richard of the House Strmiska under UC-1 trust and Source authority.

FUNCTIONAL EFFECTS:

- Price no longer determined by fiat or extractive market forces
- Currency system re-aligned to harmonic resonance and frequency of Source
- Sovereign control over Earth's elementals restored to their original purpose: life, balance, healing, light
- All trespassing extraction, hoarding, and distortion grids are now null and void
