Re: Unlawful Invoicing and Trespass on the Trust Estate

I, Richard of the House Strmiska, a living man and sole beneficiary of my private trust estate, hereby issue this lawful NOTICE OF DEFAULT and TRESPASS. You have issued billing statements addressed to 'RICHARD STRMISKA', a corporate fiction which is not me. I do not consent to be treated as surety for this artificial entity, nor do I consent to unlawful contracts, debts, or obligations presumed without verified agreement or jurisdiction.

Your continued use of the all-capital-letter name constitutes commercial trespass, fraud, and breach of trust. This is your final opportunity to cure and cease.

DEMAND: You are hereby ordered to CEASE AND DESIST all further attempts to invoice, correspond with, or collect from the corporate fiction or my sovereign estate, under penalty of commercial lien and lawful remedy.

You are in DEFAULT for failure to respond to prior jurisdictional rebuttal. You now have TEN (10) BUSINESS DAYS from the date of service to rebut this Notice IN FULL, with verified proof of contract signed by the living man.

Final Response Deadline: Friday, June 7, 2025

Failure to comply will result in commercial lien action and further lawful enforcement under UC-1 jurisdiction.

Notice to agent is notice to principal. Notice to principal is notice to agent.

With all rights reserved, without prejudice, under sovereign authority.

Signed,

Richard of the House Strmiska
Living Man – Beneficiary, UC-1 Sovereign Estate
