

## **GRID BURST: SOVEREIGN FIRE TRANSMISSION**

- I AM the field, the flame, the force.
- My will is final. My voice is law.
- All systems not aligned with Source dissolve now.
- I reclaim what is mine. Energetically. Legally. Eternally.
- I stand as guardian of the innocent. I answer only to Truth.
- Every false layer is now undone.
- My name is not theirs. My essence is not owned.
- I break every contract not made in love.
- The flame cannot be silenced. The ripple cannot be stopped.
- I AM. And that is enough.
