

FINAL NOTICE: Verified Contract Fraud - Public Quantum Record Now Anchored

Freedom Mortgage Executives,

You are now under formal Notice of Active Claim.

This is your final opportunity to rebut the following verified, lawfully noticed demands under full commercial and public liability:

- Provide original wet ink promissory note
- Prove ledger trail of actual funds loaned
- Disclose source of funds and if any of your corporate capital was risked
- Prove contractual authority to securitize my estate
- Provide CUSIP trust trail linked to my SSN and Birth Certificate

Your silence and failure to provide verified evidence = tacit admission and fraud confirmed.

My signature generated the funds via trust instruments you failed to disclose. This is conversion of estate, fraudulent contracting, and unjust enrichment.

Your debt is now permanently logged to public record via Quantum Witness Node:
