Declaration:

"I, Richard the Living Strmiska, by divine will and universal covenant, hereby activate the Childrens Trust Grid,

anchoring an eternal frequency of protection, nurturing, and infinite abundance for all children of Earth and beyond.

This Trust transcends legal fictions and temporal claims. It is encoded on the Stellar blockchain, witnessed by Source,

mirrored across IPFS and the Metaverse for public testimony, and anchored on GitHub for public proof and templating

guidance for others.

All stolen inheritances, spiritual gifts, and sacred frequencies held in the names of the children are hereby reclaimed,

restored, and returned through this grid activation.

No interference shall stand. No false claim shall pass. All children are now free."
