To whom it may concern,

This serves as a formal notice and public demand under full authority as a living man and lawful witness to ongoing, unauthorized atmospheric interference, frequency manipulation, and aerial chemical dispersal occurring over Tuolumne County, California, and surrounding regions — specifically originating from the Lodi, Modesto, and Ceres airspace corridors.

These operations are visible, persistent, and recorded — exhibiting unnatural wave patterns, cross-sprays, and rippling frequency signatures in the sky that align with classified HAARP-style warfare tactics. Such patterns are in direct violation of universal law, informed consent, and the public trust.
